This is a boutique chic spa, very different to anywhere I have been in the east. Very up to the minute with a real vibe. Everyone is so helpful and you are treated as an individual not like you're on a conveyer belt! My favorite treatment is the dual massage where you have two therapists working on you at the same time. Bliss! My brother is also a fan of the hot towel shaves with a men's facial but he has had to book in advance for Christmas as they seem popular! The rooms are private and luxurious with such attention to detail I didn't want to leave...try it!!!!!! You won't either!

The minute you walk in the wonderful peaceful atmosphere takes over and you want to stay for ever. The treatments are so relaxing in the greatest rooms you could find anywhere. My head to toe massage was the best ever, as was my pedicure and facial- the products are to die for! Also, I had a really lovely lunch in the beautiful reception room upstairs. I will be returning again soon.

The SK experience for men isn't just about the fantastic treatments or the relaxed, almost serene environment which seems to provide a safe haven from the stresses of daily life. Nothing creates that totally chilled out feeling like the sound of the ocean and that's playing all the time at SK on the fabulous sound system. It isn't about the value for money either which is quite unbelievable, It's not even about the staff who combine incredible professionalism with a welcoming and friendly attitude. No, it's about that wonderful moment when the treatment/s over and therapist looks at your re-invigorated and refreshed face and says "do you feel great?" ... and you do!

I went to this gorgeous beauty salon yesterday for a leg and eyebrow wax. The building is beautiful - being decked out in the highest standard - and the staff are extremely friendly and also offered to show me around. The leg wax was the best I've ever had. I was given a hot towel over my feet and a complete leg exfoliation prior to my waxing treatment - something which I've never received before. I was extremely impressed with their service and will most definitely be back. Keep up the hard work!

I had a wonderful visit to your clinic at Bury St Edmunds yesterday a treat from my daughter, who had previously been before. From the time we entered the building we were treated as if we were the only guests there, despite there being other people present. It was the most memorable time for me, the therapist Laura, was lovely she was extremely professional and immediately made me feel at ease. She explained things as we went along and I felt relaxed enough to place my skin care in her hands. Apart from learning so much, the atmosphere was so peaceful, after the beautiful treatments and advice, again given with the utmost professionalism, I came out feeling 10 years younger and floating on a cloud which added to the enjoyment of my day. I will definitely be recommending you to all my friends and family and hope to return very soon for another unique experience. Thank you so very much.

Laura gave me the best massage I have ever had. I really felt that my whole body benefitted from it and I feel very relaxed and pampered.

Sumptuous settings, tremendous treatments and professional people...what more can you ask for?

Toby Edward Moore finally arrived by c section on 9th April. As you all know, I struggled a lot with muscle fatigue and terrible headaches. I only managed to carry on so gracefully thanks to your wonderful treatments. I rave about you to all my friends and only hope word of mouth helps others discover the wonderful indulgence offered at SK. I can't wait to use the mother and baby voucher. Thank you all.

The Hot Stone Rejuvenate treatment was amazing. The stones seemed to be part of the therapist's hands; she was so good. And she was friendly and professional. I'd love to come again - I've been to several spas, but this treatment exceed them all.

I adore going to SK, its true bliss and the boutique elegance and surroundings really add to the whole experience. I often go for a tension release massage, and think they are definitely the best in Bury, if not UK. The staff are very professional yet sweet and clearly know what they are doing. I will continue to visit SK and highly recommend it to others.

Wonderful experience. Facial, massage and pedicure and the rest. Warm welcome and care from the staff.

SK is a haven of peace and tranquility and offers sheer unadulterated luxury. The staff are always extremely friendly and professional and all the treatments are of the highest quality. Thank you SK.

SK had been so beautifully launched a year ago and with all the press coverage in the local media, I simply had to try it. The wet shaves and massages are heavenly!

I bought my girlfriend a pamper package at SK for her birthday. After she went she came home raving about it! So not only did it get me brownie points I know when to get her every birthday and Christmas! Thank you SK.

It's great atmosphere there all the time. The staff is always smiling and friendly. I love to go back and enjoy an hour of relaxing.

I love everything about SK Clinic & Spa; the atmosphere, the staff and most of all the treatments - wow.

Wow - what can I say! I just love this day spa. It's so different to other spas I have been to. You feel important when you're there, the therapists take the time to find out about you and your lifestyle to ascertain your skincare concerns and they really know what they're talking about. My skin used to be so oily and I suffered quite bad acne, but now my confidence has grown and I enjoy making an effort to look my best everyday as my skin is simply glowing. Its hard work sticking to a skincare routine twice every day at home, but it really has been worth it. Thank you SK.

SK has to be just the best business in the whole of Suffolk. The staff are so friendly and professional - they make you feel the most important person and I always feel extra special when I visit. The treatments are so divine I want to try a different one each time I go! My favourite treat is a massage as I get so much tension built up in my neck and shoulders and the therapists really know what they're doing. I always leave feeling a new person. I would recommend this spa to anyone and everyone - you simply have to try it.

Amazing experience, fantastic hospitality. I will return.

Wow! Being a sole trader running a busy IT support company I couldn't wait for the end of the week when I had an appointment for a body wrap at the SK Clinic. What a fantastic place, very relaxed, quiet, no hassle just what I needed - bliss! I will definitely be visiting again and so must you!

Merry Christmas to all at SK, I really enjoyed my hot stone massage and will be there on Christmas Eve for more pampering. I look forward to spending my £10 voucher in January next year thank you.

This was a wonderful Spa experience. All staff friendly and helpful. Such a quiet relaxing atmosphere. A world away for super stress relief. Thank you SK.

I was invited to the wonderful SK Clinic & Spa in Bury St Edmunds for their Christmas drinks and celebrations. They were offering mini taster treatments and I had a fantastic hand massage which included some lovely smelling scrub and a fabulous moisturiser. Definitely worth having this treatment just to smell the products!

Really good service, totally relaxed me and I will definitely come back! Thank you Louise.

I love the staff, they take their jobs seriously and deliver the best customer care! SK rocks.

The perfect place to go for quality special "Me Time". Luxurious treatments at affordable prices keeps me going back for more, not just a Good Spa - an EXCELLENT spa!

Visiting SK Spa is a must for anyone in need of true pampering and relaxation (which, in this day and age, is all of us!). During my last visit, and as always, I am made to feel important, my needs are number one priority and I am listened to. The surroundings are beautiful, stylish and serene. The staff are friendly, professional and caring. Excellent escapism!

I walked by and came in to try. I am full of praise for all your staff.

Hannah just gave me the best pedicure treatment ever, waxed eyebrows, and tinted lashes... ready to go and show! And it was SK's 3rd Birthday so 20% off and a goody bag and a glass of champagne and a cupcake... the way to go.

Much better than any local salon I've been to, I will definitely come more often.

I feel amazing, thank you Claire.

Made us feel at ease and relaxed.

Absolutely loved it - will recommend to everyone.

My daughter suffers from severe acne so I sent her to SK to experience a teenage facial and she is elated with the results in just one treatment.

I was delighted with the treatments I received at SK clinic; they made me feel very welcome, a fantastic venue and the therapists were very professional. I will recommend to all of my friends.

SK Clinic & Spa is a MUST on any girls list! If you want to be really pampered and be treated like a princess then come here. I wouldn't go anywhere else - ever.

Visiting SK Clinic is a truly wonderful experience from the decor to the treatments, but above all the friendly and welcoming staff. My daughters and I are frequent clients to SK. The overall experience of going to SK will far surpass any other spa you have been to. An exceptional and wonderful way to spend part or all of your day.

I love the funky decor with soft ambient lighting and gentle music. The girls were really welcoming and ensured everything was personally tailored to what I wanted. The treatments I enjoyed were wonderful and the whole experience was one of luxury and professional. I will definitely be returning to SK on a regular basis to enjoy some more pampering.

SK offers a fantastic range of treatments which are given in modern, lavish surrounds. The staff are meticulous with their attention to detail and ensure your visit is of utmost luxury. A trip to SK feels like a little piece of pure indulgence!

The spa is utterly beautiful to begin with. The therapists are amazing - they totally understand the treatments and what the overall visit should feel like. To me it is an escape from a much too busy daily life. I always come away refreshed, looking and feeling so much better.

There is nothing in Bury to compare SK Clinic to. A lovely welcome, exceptionally friendly and attentive staff. A relaxed environment that puts you in the mood for the wonderful treatments. Highly recommend.

Dear Girls - just a little note to say thank you for a lovely day. I came with a hen party and was worried I'd be embarrassed because I'm overweight. Laura did my Body Polish and made me feel really comfortable thank you. The whole day from the treatments to the food was perfect. I wouldn't hesitate to recommend you to my friends and it was worth coming from Ipswich to you - we all had a wonderful day.

Absolutely fantastic attention to detail. The staff are amazing. As soon as you walk through the front door, you are made to feel completely at home. I love this place and every time I travel to England, wherever I am going, a visit to the SK clinic and spa is always in my diary.

Fabulous place, great treatments and lovely people. Really professional. I spent a wonderful day at this spa and came away feeling like a new woman - relaxed, refreshed and ready to face the world! I would recommend it to anyone who needs a bit of spoiling.

SK is the most fantastic spa I've ever been to; I took my sister there for her birthday in August and she still raves about the experience. Ambient atmosphere complimented with exceptional attention to detail, lovely staff and spa treatments of the highest quality. The products they use are all 100% natural and not tested on animals either; it's hard not to love this place.

As soon as you walk through the door - you relax! It has a peaceful atmosphere and is always filled with friendly, talented therapists. I have never left unhappy with any aspect of my visit and always recommend it to my friends.

SK is without doubt the best spa I have ever been too. Luxurious, bespoke, professional, chic, inviting and fabulously inexpensive for the service they provide. I first discovered SK two years and haven't looked back. Their waxing treatments come with a complimentary preexfoliation, while every new client receives a complimentary skin scan prior to their first facial to help the therapist determine their skin type and address their concerns more effectively. SK deserves recognition for being a truly unique, welcoming and innovative local business.

Lovely people, lovely products and lovely treatments. Relaxing atmosphere and ambience. SK Clinic is the place to go to put you in the mood for love: exceptional pampering and relaxation in a luxurious setting from friendly knowledgeable therapists leaves you feeling beautiful and happy from the inside out.

Incredibly friendly, passionate people who spend their time caring for others. The treatments I have had the pleasure of receiving from SK Spa and Clinic have been 'out of this world'. I have visited many spa's but there really is something about this place, if it isn't for the experienced welcoming staff, then it's the beautiful ambience and atmosphere that the spa gives off. As soon as you step into the building, your stresses seem to disappear. I recommend to all of my friends and family.

SK Clinic + Spa is the most unique spa I have ever visited. SK's defining characteristics that, for me, set it apart from other businesses include its use of only 100% natural, ecopackaged and cruelty-free in-spa treatments and homecare products, the immaculate and tranquil interior, the professionalism of the staff and the emphasis on the unique qualities of every individual.

SK defines itself as a specialist skin centre, offering all first time clients a complimentary, state-of-the-art skin scan that enables therapists to prescribed bespoke treatments that suit the exact needs and goals of the client. The warm welcome I receive on every visit, the incredible attention to detail and the tranquil and uplifting atmosphere reassure me that I am receiving expert, individual and luxurious care; SK is a truly unique business.

Its got such a relaxing atmosphere there and all the staff are really friendly and welcoming, would recommend to everyone.

SK has been a wonderful find! From the smallest treatment to the full works every client is given the five star treatment from start to finish. A serene, tranquil oasis with outstanding treatments and service which makes sure that you feel the world has just stopped so you can get off for just a little while!

1st time to SK clinic today - would definitely rate it as the best spa I have attended in the Suffolk area. Lovely relaxing atmosphere from the moment you step into the clinic. Friendly and warm atmosphere. Extremely relaxing treatments - so relaxed I was concerned how I was going to drive home!! I will definitely recommend this to my friends and work colleagues as a thoroughly sumptuous experience and a real treat. Excellent.

My wife booked us both a massage at SK. I was a bit nervous initially but they really put me at ease. Now I go by myself for treatments I never thought I'd have, I even had a (very manly!) manicure for my wife's work do. Unbelievable service and great staff mean I have never had a bad visit. I really can't recommend this spa or the therapists enough.

I started going to SK for treatments in the run-up to my wedding. Now, two years later, I am still a regular customer. (Only now, it's to have a break from my baby boy!) It's a stylish yet welcoming spa, where even if you're booked in for a small and quick treatment, you're still treated to the same 5 star service. Somewhere I constantly recommend and always receive (and give) vouchers for all their fabulous treatments.

I've been a patron of SK since it opened and although I'm based in Ipswich, I am still happy to travel to Bury for a pamper, testament in itself really. The spa's decor is stunning, contemporary, yet still tranquil and relaxing. The girls are lovely and so welcoming and the treatments, well, they are outstanding.

SK Spa is an absolute delight - the attention, the treatments, Pevonia products and the ambience all ensure that every visit is a pleasure that stays with you, long after your actual treatments.

## LOCAL PARTNERS & PRESS FEEDBACK ...

JULIE JARVIS OF RAVENWOOD HALL

Just to say a big thank you for my facial I had with Andrea. The spa is lovely and relaxing; it was nice to switch off and enjoy.

THE GOOD SPA GUIDE

I just wanted to say thanks again to you and the SK team for allowing us to come and carry out a review of the treatment rooms. Vicki had a fabulous time - and thank you for keeping her mother entertained - that was very kind!

BRIDE-TO-BE

Thank you for a wonderful hen day. I had such a relaxing day and thought the service was amazing! All my family and friends were so impressed with their treatments and I think you will be seeing a few of them again. The buffet was just delicious and all the girls worked so hard, I couldn't have wanted more.

HAYDEN CASE, VELVET MAGAZINE

If you like great skin, then SK Clinic is for you. People might give you a funny look when you're walking in, but they'll give you a second glance when you're walking out. Hayden experienced a Hot Towel Shave and Facial.

DEBBIE RODMAN, CAMBRIDGESHIRE JOURNAL

As I left the clinic and stepped out into the cold and grey day, I couldn't help feeling that there was a break in the clouds and the summer sunshine was shining down on me. Debbie was treated to a Biarritz Pedi Spa and Luminous "C" & "Sea" Facial.

ANGEL BARNES, SPA SECRETS MAGAZINE

I arrived with my mum on a wet afternoon to a warm welcome at SK. 9/10 for my teen facial - the real deal for teenagers. The biggest thrill was sharing this day with my mum - the special time together really meant a lot to me. Angel tried a "yummy" SpaTeen Papaya Hydrasoothe Facial.

CHARLOTTE SMITH-JARVIS, BRIDE & GROOM MAGAZINE

I'm not normally one for facials - I just wash my face in water and run. But, I have to say, I have been converted. My normally oily and patchy skin was instantly softer after the treatment and it continued to improve. SK is definitely a hot spot for hen days, relaxing bridal pamper days and for those beauty treatments in the run up to the big event. Charlotte wanted to try SK's Hens & Me package with her friend; SK Signature Massage & Plantomer Facial.

KOULLA JOANNOU, LASTMINUTE.COM

"I loved it. The nail colour is gorgeous, my feet look so much better and they feel so soft. I can tell the quality of a treatment by how many stages are involved and this pedicure really covered everything. Laura G was fantastic too; really professional and so lovely." Koulla received a Biarritz Pedi Spa.
